**MOTION TO DISMISS  
AND REQUEST TO  
DECLARE PLAINTIFF A  
VEXATIOUS LITIGANT**

Jason Goodman (“Defendant”), by and for himself pro se, respectfully moves this Court for an order dismissing the Amended Complaint pursuant to Rule 12(b)(6) and Rule 11(b)(2) of the Federal Rules of Civil Procedure for failure to state a claim upon which relief can be granted and for being interposed for improper purposes, respectively. Defendant further requests that the Court declare Plaintiff a vexatious litigant and impose a filing injunction as further stated herein:

### **PRELIMINARY STATEMENT**

Plaintiff’s Amended Complaint is facially violative of FRCP Rule 11(b)(2) which mandates filings be well-grounded in fact, warranted by law, and not interposed for improper purposes such as harassment or unnecessary delay. Over the past seven years, David George Sweigert, (“Sweigert”) has engaged in a pattern of vexatious litigation, filing multiple duplicative lawsuits against Goodman in various jurisdictions, withdrawing them before trial, then refiled similar claims

solely to abuse the judicial process, waste judicial resources, and harass Goodman. (See *Sweigert v Goodman* Case 1:18-cv-08653-VEC-SDA Dkt. 381).

Sweigert's misuse of judicial procedures for ulterior purposes constitutes abuse of process. He repeatedly uses legal proceedings not to resolve genuine disputes but to achieve improper collateral objectives, and having no regard for the unnecessary harm and expense he causes not only to defendant Goodman but to this Honorable Court and the citizens of New York who seek justice in it.

## **I. INTRODUCTION**

Goodman became generally aware of Sweigert after a June 14, 2017 incident at the Port of Charleston, SC involving a hoax bomb threat. The false report of a dirty bomb on the cargo vessel Maersk Memphis was widely reported in the news, <https://www.nytimes.com/2017/06/15/us/port-dirty-bomb-south-carolina.html>.

Coincidentally, the dirty bomb rumor originated when plaintiff's brother George Webb Sweigert, ("Webb") called in to Goodman's YouTube livestream talk show and reported the claims. Goodman knew nothing about these claims prior to Webb informing him. Webb was arrested in Zanesville Ohio and questioned by the FBI in connection with the incident. Goodman has not been questioned by the FBI and has not been accused of any wrongdoing by anyone other than plaintiff Sweigert. To Goodman's knowledge the FBI investigation has closed. Despite this, on June

2, 2024, Sweigert made a filing in another frivolous case including an after action report from the June 14, 2017 Port of Charleston incident. **(EXHIBIT A)**

Plaintiff continuously endeavors to foment frivolous civil litigation over a matter the FBI has investigated and closed and in which the defendant had no substantial role. Plaintiff maliciously sues Goodman for the wrongful purpose of harassment. Even more odious than his abuse of this Honorable Court and the law, is Sweigert's harassment of Goodman's innocent octogenarian parents.

This pattern of outrageous behavior underscores the need for judicial intervention and a nationwide filing injunction, if not more stringent punitive measures, to prevent further abuse.

The Amended Complaint should be dismissed under Rule 12(b)(6) for failure to state a claim, Rule 11(b)(2) for being presented for improper purposes, and for abuse of process. Plaintiff will fail to demonstrate any valid purpose for filing three duplicative lawsuits in three different jurisdictions simultaneously and this Court should not tolerate such blatant abuse of the legal system. As demonstrated in *Woodhouse v. Meta Platforms Inc., et al.*, the Southern District of New York has recognized and addressed similar vexatious behavior by imposing a nationwide filing injunction against the plaintiff, (*Woodhouse v. Meta Platforms Inc.*, 23 Civ. 7000 (PAE) (S.D.N.Y. Dec. 5, 2023)). This case warrants similar consideration and action to prevent further harassment and judicial waste.

## II. STANDARD OF REVIEW

A motion to dismiss under Rule 12(b)(6) tests the sufficiency of the complaint. To survive a motion to dismiss, a complaint must contain sufficient factual matter, accepted as true, to state a claim to relief that is plausible on its face (*Bell Atl. Corp. v. Twombly*, 550 U.S. 544, 127 S. Ct. 1955, 167 L. Ed. 2d 929 (2007)). A claim has facial plausibility when the plaintiff pleads factual content that allows the court to draw the reasonable inference that the defendant is liable for the misconduct alleged, (*Ashcroft v. Iqbal*, 556 U.S. 662, 678 (2009)).

## III. ARGUMENT

### A. Failure to State a Claim for Defamation and Trade Libel

Plaintiff's claims for defamation and trade libel must be dismissed because the statements at issue are protected by the First Amendment and are non-actionable opinions. Further, Plaintiff failed to allege specific facts showing that the statements were false, published with actual malice, and caused specific harm.

**Protected Speech and Opinion:** The statements made are protected opinions and rhetorical hyperbole. The context of Defendant's statements makes it clear that they are opinions, not statements of fact. Opinions cannot form the basis of a defamation claim, (*Gertz v. Robert Welch, Inc.*, 418 U.S. 323, 339-40 (1974)).

**Lack of Specificity and Falsity:** Plaintiff failed to identify specific false statements made by Defendant. The Amended Complaint contains vague and

conclusory allegations without specifying the exact statements or their falsity, (*Freeman v. Stake.Com*, 22-CV-7002 (RA) (S.D.N.Y. Nov. 7, 2023)).

Actual Malice: Plaintiff Sweigert is a public figure or limited purpose public figure, and as such he must show that Defendant acted with actual malice. The Amended Complaint does not allege facts sufficient to demonstrate that Goodman knew the statements were false or spoken with reckless disregard for the truth, (*New York Times Co. v. Sullivan*, 376 U.S. 254, 84 S. Ct. 710 (1964)).

#### **B. Failure to State a Claim for Violation of Privacy Rights**

Plaintiff's claims for violation of privacy rights under New York Civil Rights Law §§ 50 and 51 fail because the use of Plaintiff's name and likeness in the context of news reporting and public interest commentary is protected speech. Plaintiff's repeated, ongoing abuse of the civil justice system is, in and of itself, newsworthy and of public interest. Goodman's public commentary on it is first amendment protected activity. The claims are barred as they do not constitute commercial advertising or trade as required under the statutes (*Messenger ex rel. Messenger v. Gruner + Jahr Printing & Publ'g*, 94 N.Y.2d 436, 441-42 (2000)).

#### **C. Failure to State a Claim for Other Torts**

Plaintiff's remaining claims, including intentional infliction of emotional distress, misappropriation, and false advertising, are inadequately pleaded and lack the requisite factual detail. The Amended Complaint fails to demonstrate extreme

and outrageous conduct, misappropriation for commercial use, or specific instances of false advertising causing harm to Plaintiff.

**D. Vexatious Litigation, Harassment, and Abuse of Process**

Plaintiff has engaged in a pattern of vexatious litigation by filing multiple, duplicative lawsuits against Defendant in various jurisdictions for the past seven years and then withdrawing before trial only to refile similar claims. This conduct is an abuse of the judicial process and violates FRCP Rule 11(b)(2), which mandates that filings be well-grounded in fact, warranted by existing law, and not interposed for any improper purpose such as harassment or unnecessary delay, (*Cage v. Harper*, Case No. 17-cv-7621 (N.D. Ill. Mar. 16, 2020)).

The elements of an abuse of process claim are: (1) regularly issued process, (2) an intent to do harm without excuse or justification, and (3) use of the process in a perverted manner to obtain a collateral objective (*Curiano v. Suozzi*, 63 N.Y.2d 113, 116 (1984)). Plaintiff's repeated filing of duplicative lawsuits, withdrawal of those suits before trial, and refile of similar claims in other jurisdictions demonstrates a clear pattern of using legal processes to harass and achieve improper collateral objectives. This conduct meets all the elements of an abuse of process claim and warrants dismissal.

Plaintiff also resorts to extrajudicial harassment. He sent a letter to Goodman's opposition in another case, (*Goodman v. The City of New York*, 23-cv-

09648-JGLC-GWC (S.D.N.Y. Nov. 8, 2023)), referring to a party calling Goodman a "f\*cking jew." This communication had no legitimate purpose and was intended to harass Goodman. Plaintiff also sent letters to Goodman's elderly parents at their home despite them being completely uninvolved in Goodman's business affairs or social media postings. Goodman's parents have no role whatsoever in anything related to Sweigert's claims and he had no legitimate purpose for contacting them. Plaintiff also sent copies of many of the letters to Goodman. Samples of some of the harassing letters are attached. **(EXHIBIT B)**

Previously, plaintiff voluntarily dismissed claims under New York Civil Rights Law §§ 50 and 51, and the court dismissed the claims with prejudice, (*See Sweigert v Goodman* Case No. 1:18-cv-08653-VEC-SDA Dkt. 381). Plaintiff now attempts to reintroduce similar claims, demonstrating continued abuse of process.

#### **E. Request to Declare Plaintiff a Vexatious Litigant**

Given Plaintiff's extensive history of filing frivolous, duplicative, harassing lawsuits, Defendant requests that the Court declare Plaintiff Sweigert a vexatious litigant and enter a nationwide anti-filing injunction, (*Woodhouse v. Meta Platforms Inc.*, 23 Civ. 7000 (PAE) (S.D.N.Y. Dec. 5, 2023)).

#### **F. Request to Consolidate Case 1:24-cv-02203-JGK-VF**

In addition to the consolidation of Case 1:23-cv-05875-JGK and Case 1:23-cv-06881-JGK, Plaintiff has also filed Case 1:24-cv-02203-JGK-VF. Defendant

requests that Case 1:24-cv-02203-JGK-VF be consolidated into this motion to dismiss. Plaintiff's act of bringing three duplicative cases in different districts simultaneously is facially violative of Rule 11(b)(2) and serves no purpose other than to abuse the judicial process, waste judicial resources, and harass Goodman.

#### **IV. CONCLUSION**

For the reasons set forth herein, Defendant respectfully requests that this Court grant the Motion to Dismiss the Amended Complaint in its entirety with prejudice. Additionally, Defendant requests that the Court declare Plaintiff a vexatious litigant and impose a nationwide filing injunction to prevent further abuse of the judicial process, refer Sweigert's harassment of Goodman's family to U.S. Postal Police for investigation and for any other suitable relief as determined by the Court.

**Incident Summary:** SECCHA received a report of a potential nefarious threat onboard MAERSK MEMPHIS (US) which is currently moored at Wando Terminal 3 in Charleston, SC. The reporting source is a reporter who obtained the information from a blogger on a you tube channel. SECCHA established a 01 NM security zone around Wando Terminal, launched STACHA and requested local LE support to enforce the safety zone, diverted the airborne AIRFAC MH-65 for officer presence, and notified local

partners. South Carolina Civil Support Team, FBI Weapons of Mass Destruction Team, and local LE bomb squads are responding. D7 initially requested MSRT CBRNE support, but rescinded the request due to the other agencies responding. Charleston Police Marine Unit conducted 04 explosive marine sweeps with negres. SECCHA set up an Incident Command Post in Charleston. Additionally MAERSK stood up and incident Command Post in Norfolk, VA. The source of information stated that the threat is located inside a diplomatic pouch. CPB identified 4 diplomatic containers onboard were loaded in Spain. Three of the containers are easily accessible and South Carolina Civil Support Team will begin investigating the three containers. The fourth container requires removal of other containers. The vessel's last port of call was Port of New Jersey and the crew (20) is all US. CBP reported the four diplomatic containers were loaded onto MAERSK MEMPHIS in Algeciras, Spain and en route to Jacksonville, FL, Summerville, NC and two containers en route to Suffolk, VA. SECCHA and port partners (Civil Support Team, Charleston County Police Department, South Carolina Port Police, and South Carolina Division of Law Enforcement) will off load the four containers and x-ray, visually and sweep for explosives. Diplomatic Security Service and CBP are on scene assisting with access to the containers. One other diplomatic container was off loaded in New Jersey. The previously off loaded container originated in Manama, Bahrain en route to a U.S. Army Depot in Pennsylvania. The container was not inspected; however, the container is located in a secure facility. CBP intentions with the previously off loaded container are unknown. FBI and CGIS are attempting to contact the known source of information with negres, but continue to investigate and locate the individual. A cell phone ping places the individual near Columbus, OH. D7 public affairs is en route to SECCHA. SECCHA reports they received national media interest. SECCHA reports the four containers will be screened by 0300 if nothing nefarious is found. SECCHA reported port partners completed X-ray and radiological scan of the four containers. Two containers had negres. One container had low hits of Thorium 232 and one container had low hits of Chloride Potassium and Thorium 232. FBI WMD assessed these low hits as a none threat as they are naturally occurring elements. The fifth container which was off loaded in New Jersey will be investigated by CBP. None of the containers have been opened and COTP deems the containers no longer pose a threat to port security. Diplomatic Security Service reported the containers do not have diplomatic immunity; however, CBP reported they do not have the legal authority to open the containers as they are under the control of the U.S. Army. NCC will liase with NORTHCOM for further investigation of the containers by Army Criminal Investigation Command (CID). The ICP stood down the safety zone and authorized the MAERSK MEMPHIS to continue cargo operations. CGIS, FBI, and local Law Enforcement located the original source of information and arrested the individual. D7 public affairs intends to deploy to SECCHA and assist with public affairs support later today. CIC stood down. Case closed for CC paging.

SECCHA reported port partners completed X-ray and radiological scan of the four containers. Two containers had negres. One container had low hits of Thorium 232 and one container had low hits of Chloride Potassium and Thorium 232. FBI WMD assessed these low hits as a none threat as they are naturally occurring elements. The fifth container which was off loaded in New Jersey will be investigated by CBP. None of the containers have been opened and COTP deems the containers no longer pose a threat to port security. Diplomatic Security Service reported the containers do not have diplomatic immunity; however, CBP reported they do not have the legal authority to open the containers as they are under the control of the U.S. Army. NCC will liase with NORTHCOM for further investigation of the containers by Army Criminal Investigation Command (CID). The ICP stood down the safety zone and authorized the MAERSK MEMPHIS to continue cargo operations. CGIS, FBI, and local Law Enforcement located the original source of information and arrested the individual. SUBJ: Freedom of Information Law (FOIL) request for N.Y.P.D. records of visits to Jason Goodman's business offices at 252 7<sup>th</sup> Avenue, Suite 6-S, N.Y., N.Y. 10001

Dear Ms. Anderson,

This is a request for the documents identified under the FOIL Act. These records include police reports made by officers that have responded to Jason Goodman's address at Suite 6-S at 252 7<sup>th</sup> Avenue, zip 10001.

Jason Goodman has distributed a video as he appears at his apartment door (Unit 6-S) with two 10<sup>th</sup> Precinct N.Y.P.D. officers (recorded on Mr. Goodman's camera and broadcast on social media). These two N.Y.P.D. officers (as seen on the video) requested information about a 911 caller that summoned police to Mr. Goodman's apartment. In the subject video, Mr. Goodman is heard telling the officers that someone in the lobby had yelled "Kill Jason Goodman that fucking Jew" and wanted to file a report. During that video Mr. Goodman voiced his disgust for the 10<sup>th</sup> Precinct to the N.Y.P.D. officers for not taking a complaint regarding the "fucking Jew" comment.

Best,

D.G. Sweigert

Sir,

Your attention is called to the following:

22       Loury is a clerk in MIED and not an attorney. Loury has no authority to author  
23 documents on behalf of litigants. Detroit Police Department ("DPD") Sargent, Detective Joiell  
24 Cobb Sanders ("Sgt. Sanders") met with Goodman and agreed the evidence proved beyond a  
25 doubt the document was forged, and that Loury was the most likely suspect. She lamented that  
26 any criminal activity inside the U.S. District Courthouse could not be addressed by DPD as it

1 was federal jurisdiction. No report was filed, and no investigation was conducted. Goodman has  
2 also shared this evidence with Special Agent Kenneth Engberg ("SA Engberg") of the Detroit  
3 FBI. SA Engberg also agreed the evidence indicated forgery and that Loury was the most likely  
4 suspect, but he failed to act and refused to provide further commentary on the matter.

Subject: Florida Information Protection Act of 2014

Dear Sir:

This complaint of a patient privacy data breach concerns the below licensed physician:

MARK [REDACTED] GOODMAN MD, [REDACTED]  
[REDACTED]  
[REDACTED]

On January 12, 2023, the spouse of the above entity underwent cervical spinal fusion surgery. The son of the above entity widely distributed X-RAY films on the Internet and in court filings that depicted the cervical spinal fusion of this patient, presumably without the patient's permission. Evidence in the public domain indicates that the patient (mother of Jason Goodman, son) was unaware that her medical history would be viewed by literally thousands of social media gossips that watch the Jason Goodman conspiracy theory podcast.

Kindly forward a copy of this letter, and other pertinent letters, to the cognizable investigative authorities that enforce Florida medical confidentiality regulations and please place in the permanent record of the above entity.

Best,

*D. Sweigert*

SUBJ: Violation of ECF ORDER 238, para. 9, by Jason Goodman.

Your Honor,

1. Your attention is called to para. 9 of your ORDER issued as ECF 238 on 6/28/2023:

“ [REDACTED] and Wittes’s motion for sanctions is GRANTED. Goodman is enjoined from filing additional documents on the docket relating to Wittes or J [REDACTED] in this District; filing any federal district court action against Wittes or [REDACTED] relating to the subject matter in this case; and filing any new pro se action against Wittes or [REDACTED] in any federal district court without first obtaining leave of that court. Defendants’ request for attorney’s fees is DENIED.”

2. Attached is Mr. Goodman’s latest attempt to bring a legal action against Defendant [REDACTED] for facts directly related to this instant legal action in open defiance of that ORDER.

Signed this 6<sup>th</sup> day of January 2023.
